

**BRINGING LAUGHTER TO YOUNG PEOPLE IN HOSPITALS & HOSPICES**

*“A good idea to relax the children during traumatic times” - Parent*

*“Thank you for putting a smile on my little girls face, you achieved something even I couldn't do. Thanks” - Parent*

*“I think it is a really good idea because it takes your mind off when I'm having an injection” - Child*

*“Great entertainment, a wonderful idea to put the children at ease. It helped my grandson enormously as he was very frightened when he came in” - Carer*

*“A great distraction for nervous children (and mums & dads) when they are waiting for treatment” - Parent*

*“Very funny, kind and caring. Helped Alice feel better about things” - Parent*

Artlink works with a wide range of people including older people, people with dementia, family carers, young people at risk of exclusion or offending, people with learning disabilities and children and young people in hospital.

Artlink creates strong partnerships with care, community and arts organisations to deliver an innovative programme of projects.

## Dr Fillie Fidget

Dr. Fillie Fidget is small and round and loves her pink star trousers, pink shoes, pink silk scarves, pink headband and pink stethoscope. She has a very loud voice for someone so small and is also rather famous for being the only Wiggleologist in the whole world.

## Dr Hyacinth Haystack

Dr Hyacinth Haystack is terribly good at finding things (particularly big things) and exceptionally good at losing things (especially little things). She has wanted to be a doctor ever since she was born backwards at the top of a tree, wearing a white coat.

## Dr Christobell Misschief

Dr Christobell Misschief was born into cat walking which has grown into dog running, sometimes round and round in circles on the ward during Clown Round. Dr Misschief is very good at hiding, she can be found escaping from the mischief she has weaved and at times she has been discovered hiding behind curtains.

## Dr Professor Hadron Klutz

Doctor Professor Hadron Klutz is a Hadron collider - he is incredibly clumsy. Doctor Klutz's clumsiness causes commotion on the children's ward. He is always thinking of different types of equations it doesn't matter what type of equations they are, they can be science, maths, animals or food.

Suffolk Artlink is pleased to introduce the Clown Doctors.

Suffolk Artlink welcomes donations to help us to continue our valuable work. Any donation, large or small, will make a difference to our work.

If you would like to make a donation please fill in your details below and post it with your cheque or direct debit mandate to:

**Suffolk Artlink, 1 Miles Ward Court, Halesworth, Suffolk, IP19 8AY**

If you would like to discuss other ways of supporting us please call us on 01986 873955 or email [alistair@suffolkartlink.org.uk](mailto:alistair@suffolkartlink.org.uk)
